GEOMICROBIOLOGY JOURNAL

Volume 11, Number 1
1993

Contents

Aromatic Hydrocarbon-Degrading Bacteria in the Petroleum-Rich Sediments of the Guaymas Basin Hydrothermal Vent Site: Preference for Aromatic Carboxylic Acids
Frederick E. Goetz and Holger W. Jannasch 1

Pretest Studies for a Microbially Enhanced Oil Recovery Field Pilot in a Hypersaline Oil Reservoir
Vishvesh K. Bhupathiraju, Michael J. McInerney, and Roy M. Knapp 19

Methane Metabolism in Raised Bogs of Northern Wetlands
D. Ann Brown and R. P. Overend 35

Evaluation of ^{55}Fe as a Tracer of Fe(III) Reduction in Aquatic Sediments
Eric E. Roden and Derek R. Lovley 49

Comparison of the Kinetics of Ferrous Iron Oxidation by Three Different Strains of *Thiobacillus ferrooxidans*
C. Chavarie, D. Karamanev, F. Godard, A. Garnier, and G. André ... 57

Further Readings in Geomicrobiology 65

GEOMICROBIOLOGY JOURNAL

Volume 11, Number 2
1993

Contents

Role of Bacteria in Phosphorite Genesis
Yaacov Nathan, James M. Bremner, Richard E. Loewenthal, and Pedro Monteiro 69

Complex Calcitic Crystallizations in *Nostoc Parmelioides* Kütz (Freshwater Cyanobacterium): Rhombs Around Trichomes Inside *Nostoc* Colonies and Epiphytic Bacterial Microstromatolites
Pierre Freytet and Eric Verrecchia 77

Does Lead Affect Microbial Metabolism in Aquifer Sediments Under Different Terminal Electron Accepting Conditions?
Paul M. Bradley, Francis H. Chapelle, and Don A. Vroblesky 85

Microbiological Characteristics of Pristine and Contaminated Deep Vadose Sediments from an Arid Region
J. K. Fredrickson, F. J. Brockman, B. N. Bjornstad, P. E. Long, S. W. Li, J. P. McKinley, J. V. Wright, J. L. Conca, T. L. Kieft, and D. L. Balkwill 95

Chemolithotrophic, Sulfur-Oxidizing Bacteria from a Marine, Shallow Hydrothermal Vent of Vulcano (Italy)
Concetta Gugliandolo and Teresa L. Maugeri 109

Further Readings in Geomicrobiology 121

Announcements 127

GEOMICROBIOLOGY JOURNAL

Volume 11, Number 3–4
1993

Contents

Special Issue:
Excerpts from the Proceedings of the 11th International Symposium on Environmental Biogeochemistry, Salamanca, Spain September 27 to October 1, 1993

Letter from the Editor v

Acknowledgments 129

Foreword 131

MICROBIAL PROCESSES IN BIOGEOCHEMISTRY

Seasonal Changes in Physiological Groups of Bacteria That Participate in the Nitrogen Cycle in the Rhizosphere of the Alder
N. Acero, A. Probanza, B. Blanco, and F. J. Gutiérrez Mañero 133

Nitrification Potentials at Different pH Values in Peat Samples from Various Layers of a Drained Mire
Kristiina Lång, Marja Lehtonen, and Pertti J. Martikainen 141

Microbial Inhibition and Nitrification Potential in Soils Incubated with *Elaeagnus angustifolia* L. Leaf Litter
F. Llinares, D. Muñoz-Mingarro, J. M. Pozuelo, B. Ramos, and F. Bermúdez de Castro 149

Microbiological Processes in Marine Sediments in the Zaire River Delta and the Benguela Upwelling Region
Nickolay Pimenov, Irina Davidova, Sergey Belyaev, Alla Lein, and Michail Ivanov 157

Precipitation of Carbonates by *Bacillus* sp. Isolated from Saline Soils
M. A. Rivadeneyra, R. Delgado, G. Delgado, A. del Moral, M. R. Ferrer, and A. Ramos-Cormenzana 175

Nitrogen Immobilization and Remineralization by Microorganisms and Nitrogen Uptake by Plants: Interactions and Rate Calculations
I. V. Yevdokimov and S. A. Blagodatsky 185

BIOWEATHERING OF MINERALS

Bioleaching of Silicate Manganese Ores
Klaus Bosecker 195

Role of Black Fungi in Color Change and Biodeterioration of Antique Marbles
A. A. Gorbushina, W. E. Krumbein, C. H. Hamman, L. Panina, S. Soukharjevski, and U. Wollenzien 205

Bioleaching and Interrelated Acidophilic Microorganisms from Río Tinto, Spain
A. I. López-Archilla, I. Marín, and R. Amils 223

BIOGEOCHEMISTRY OF FOREST ECOSYSTEMS AND RANGELANDS

Kinetic Parameters of Phosphatase Activity Along a Xeric Dolomitic Soil Chronosequence Related to Wildfires
J. R. Arevalo, J. A. Carreira, F. X. Niell 235

Impact of Municipal Waste on Mediterranean Dry Environments
J. Pastor, A. Urcelay, S. Oliver, and A. J. Hernández 247

ANTHROPOGENIC IMPACTS ON THE ENVIRONMENT

Basal and Specific Microbial Respiration in Semiarid Agricultural Soils: Organic Amendment and Irrigation Management Effects
David Badia and J. M. Alcañiz 261

Symbiont Effect of *Rhizobium* Bacteria and Vesicular Arbuscular Mycorrhizal Fungi on *Pisum sativum* in Recultivated Mine Spoils
Borbála Biró, Ibolya Vörös, Krisztina Köves-Péchy, and József Szegi 275

Heavy Metals in the Soils of Tallinn (Estonia) and Its Suburbs
Liidia Bityukova 285

Influence of Soil Properties on the Distribution of Zinc in Polish Soils
Wladyslaw Bogacz 299

Biotests as Markers of Soil Utilization and Fertility
B. Ceccanti, B. Pezzarossa, F. J. Gallardo-Lancho, and G. Masciandaro 309

Biochemical Study in a Microcosm of a Soil Exposed to High Levels of SO_2
G. Maccari, C. Ciardi, B. Ceccanti, and G. Masciandaro 317

Soil Parameters Contributing to Heavy Metal Dynamics in Perimetropolitan Farmland Areas
A. M. Moreno, L. Pérez, and J. González 325

Respiration Potential of Microbial Biomass in a Calcareous Soil Treated with Sewage Sludge
Oriol Ortiz and Josep M. Alcañiz 333

Meeting Report 341

Meeting Announcement 343
